MULTI-MODEL AI CONSENSUS • 5 AIS

DOCUMENT	CLIENT EVALUATED	TOTAL AMOUNT	REVIEW DATE
Quotation	Dulces del Centro	$8,700.00 MXN	October 22, 2026

Verdict: Review Critical Observations

Math is 100% accurate, but 2 risks compromise the final 50% payment ($4,350 MXN) along with an incomplete clause.

62%

1. 5-AI CONSENSUS SUMMARY

AI MODEL	FOCUS AREA	RATING	CONCRETE FINDING
DeepSeek V3	Math & Calculation	✓ Approved	Advance ($4,350) + final ($4,350) exactly equals $8,700. 16% tax calculation on $7,500 subtotal is completely accurate.
Anthropic Claude	Text Coherence	⚠ Broken Clause	Only model to catch the truncated sentence at the bottom of page 1: *"No seals will be added until client notifies..."*.
xAI Grok	Practical Business	⚠ Payment Risk	The phrase *"Final payment upon delivery and review"* sets no review deadline. Allows client to withhold $4,350 indefinitely.
OpenAI GPT-4o mini	Cost Transparency	Observation	Missing explicit line item breakdown of $7,500 base plus $1,200 tax in the payment schedule.
Meta Llama 3.3	Validity & Dates	Observation	15-day validity period (expired October 15) is past due relative to current date. Needs formal reconfirmation.

2. DETECTED TEXTUAL QUOTATIONS

Risk 1: Final payment with no acceptance deadline (Grok)

> *"Final payment (50%) upon delivery and review."*

Commercial Impact: If the client delays feedback for months or requests successive minor revisions, there is no contractual mechanism to trigger the $4,350 remainder.

Risk 2: Incomplete sentence creating legal void (Claude)

> *"No seals will be added until client notifies..."*

Commercial Impact: Sentence abruptly cuts off without specifying what documentation the client must supply or deadlines.

3. RECOMMENDED WORDING TO PROTECT YOUR PAYMENT

Replace ambiguous terms in your proposal with this wording to ensure final payment is liquidated within 5 business days:

Protected Delivery & Acceptance Clause:

"The remaining 50% balance ($4,350.00 MXN) is due upon project delivery. Up to 2 (two) rounds of adjustments are included within the original scope. The client has 5 (five) business days following delivery to provide written consolidated feedback. If no feedback is received within this timeframe, the project is deemed fully accepted and the balance is immediately due."
